## **Stringfellow Management Group Achieves AMC Institute Re-Accreditation**

**Forest Hill, MD (August 2020)** – Stringfellow Management Group, Inc. (SMG) has announced that it has been awarded re-accreditation by the AMC Institute, the global trade association representing the Association Management industry. Accredited AMCs have made a commitment to uphold and deliver the highest level of professional management services to their clients. These AMCs are the recognized choice of association and not-for-profit organizations.

Administered by AMC Institute, AMC Institute Accreditation is recognized and supported by ASAE & The Center for Association Leadership and is based on the ANSI Standard of Good Practices for the AMC Industry. ANSI requires that the standard be reviewed and updated regularly to remain an approved standard. Measurable performance practices include contracts and service delivery; employee recruitment, training and professional development; and financial management and internal controls, among others. AMCs must earn re-accreditation every four years, demonstrating to an independent outside auditor that they continue to meet the standard.

“Maintaining our Accreditation through AMC Institute is important to me, and the entire SMG staff,” stated Fred Stringfellow, CAE, SMG’s President. “We know how high our performance standards are, and our clients have confidence in SMG’s ability to deliver. The AMC Institute Accreditation provides that extra level of confidence to someone who may be working with us for the first time.”
